

Miami Swimming Club

Miami Swimming Club Inc has long been highly regarded since its foundation in 1976 and has been home to some of the world's swimming, tri, surf and coaching elite. Miami Swimming Club, thanks to our highly skilled coaching team, has one of the most comprehensive training programs in the country enabling our members to experience the sport at all levels.

Located at the Miami Aquatic Centre at Pizzey Park, Miami Swimming Club is based at one of the Gold Coast's leading aquatic centres. The facility has two 50m outdoor pools, an indoor learn to swim pool, water park, tennis courts and beach volleyball court.

Miami Swimming Club Inc and its coaching staff aim to provide a place for young people to develop, not only as swimmers but also as confident, healthy and independent individuals. The club endeavours to provide a strong foundation from where every swimmer can go on to achieve their full potential, carrying the lessons learnt, through with them for the remainder of their lives.
